Ten Degrees Cooler than Any Other Spot on the Atlantic.

LONG BEACH HOTEL,

LONG BEACH, LONG ISLAND.

1,100 feet long.

A. E. DICK, Proprietor.

situated on the southern coast of the beautiful island, is generally acknowledged to be the most healthful of the many resorts near New York, and cooler by ten degrees, than any other seaside resort. Swept by invigorating breezes from the wide Atlantic, it offers the further advantages of its wonderful beach, nine miles long, on which fifteen bicycles can be ridden abreast, and the finest surf bathing to be found. Golf, tennis, sailing, fishing, and riding and driving over the excellent Merrick Road, which is newly completed from Brooklyn and Long Island City to the Hotel, afford ample entertainment to the pleasure-seeker.

THE "LONG BEACH HOTEL"

will open about June 25th. Fronting on the ocean, it offers unequalled comforts to its patrons. Its service and *cuisine* are the same as at the world-renowned "Tampa Bay Hotel." Kroll's famous Orchestra furnishes the delightful morning and evening concerts. Its verandas, unique in their amplitude, being eleven hundred feet in length, and from twenty-five to fifty feet in width, invite to repose and the enjoyment of quiet recreation. A kindergarten provides pleasure for the children. Its seven hundred rooms are furnished with excellent beds and every provision for comfort. Stables, newly built, supply good outfits and the best accommodations for horses and carriages. It is the aim of the management to make this hotel the most attractive and popular family house on the coast, and special inducements are offered to bachelors by the month, and to families remaining for the season. The railroad service is unexcelled, commutation being \$13 per month, issued from any date.

"THE INN."

This attractive little house is open from May to October. It is new, hygienic, and delightfully comfortable. Near to the "Long Beach Hotel," its patrons enjoy all the gayeties of the great house, combined with the quiet restfulness of the smaller one. The Resident Manager will spare no pains in providing for the comfort and pleasure of its guests.

COTTAGES.

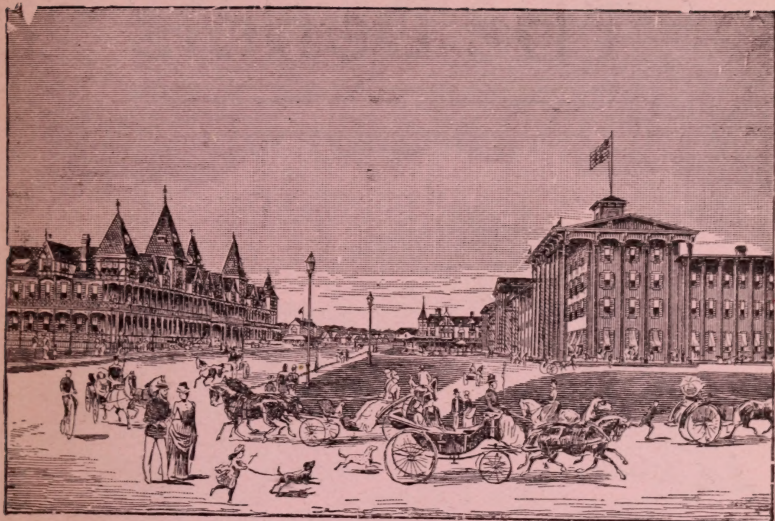

Twenty-eight furnished cottages, complete for housekeeping, may be rented at prices, ranging from \$400 to \$1,000 for the season.

Plans of both houses and cottages may be seen, and rooms engaged at New York office, 12 West Twenty-third Street, or at Long Beach after May 15.

"The Popular Shop"

(New York Tribune, January 17, 1897.)

It was Mr. McHugh's privilege to call his bazaar "The Popular Shop," but his prices had to make good the title before the public recognized it. He can change the name now if he chooses, but it will remain "The Popular Shop" just the same. At no establishment in America can the dainty, eye-pleasing furnishings for a home be selected from greater variety, at lower prices, and with more absolute reliance upon intrinsic value, than in the show-rooms of Mr. McHugh.

When a man once wears
**The Scriven
 Improved Patent
 Elastic Seam
 Drawers**

you may depend upon it
 that he will always wear
 them in preference to
 any other drawers that
 are manufactured.

The simple fact of the
 matter is that a man wants
 comfort, and the peculiar
 construction of these gar-
 ments insures his being
 satisfied.

Ask your Gents' Furnisher for them.

PHILLIPS' ELITE DIRECTORY OF NEW YORK

is in its 27th year, and is too well known to require explanatory statements concerning its utility and value. It is recognized the standard publication of its kind as a book of reference. It is on the desk of the principal retail stores, clubs, Summer and Winter hotels all over the country, and has proved to be of great value. There is no publication resembling it in New York or elsewhere in the United States, a fact due, perhaps, to the large expenditure and the great amount of labor which the compilation requires. The steady increase in subscriptions for this work, not only from the "400" but from influential citizens, both ladies and gentlemen, from all parts of the country, is a gratifying evidence of its permanent value.

W. PHILLIPS is the original author, publisher and sole proprietor. Established 1870, at 81 Nassau St., New York.

ANNUAL PHILLIPS' ELITE DIRECTORY

Invaluable to all as a book of reference, to look up friends' and acquaint-
ances' residences. It also offers an incomparable medium to advertisers desirous
of reaching the buying public at the least possible cost.

THE ELITE will do the work of all other mediums combined.
It has a large and constantly increasing *circulation*, but chiefly among
people of means—the classes who have money, and spend it freely on the
pleasures of life, good living, travel, luxuries, etc.—therefore every copy counts,
and you get what you pay for, a hearing amongst the best of people. A glance at
the book tells the whole story. **PRICE, \$6.**

FOUND AT LAST!

A LAUNDRY THAT MAKES A SPECIALTY OF FAMILY WORK

We have fitted up a separate department for laundering family work, and are now prepared to do all kinds of this class of work in a satisfactory manner. That our efforts have met with appreciation is proven by the fact that we started this department less than three years ago with less than twenty customers, who have been so well pleased with our work that they recommended us to their friends, and they in turn have recommended us to theirs. In this way our family list has grown steadily, until we are now doing work for two hundred families.

Give us a trial and we are convinced you will no longer suffer the annoyances of wash-day at home. Drop us a line and we will quote prices.
